: "Being at a young age when my grandparents died I don't have too many memories of them. I do remember grandmother Elrod's biscuits, they were better than cake, and she always had lenty of them on hand when we went to visit them.

Grandmother Ellison made good gingerbread. They had a lot of different kinds of fruit in their orchard which they shared with us.

I have many pleasant memories of my early childhood, being on a farm we had plenty of chores to do, and my father lanted a lot of grain and cotton. I've had many backackes from picking cotton. We kept our father busy going to the cotton gin in the wagon pulled by two mules. One of my pastime memories on Sunday afternoon was jumping and playing on the bales of cotton that my father had unloaded in the yard waiting of a btter price.

In the winter when we were hovered around the fireplace and coal stoves, we enjoyed popcorn, peanuts and potatoes baked in the hot ashes in the fireplace. Some of our favorite games were playing checkers, passing the thimble and horseshoes. The boys especially enjoyed the horseshoes.

I attended Cedar Grove School and graduated there. At an early age I joined Cedar Grove Baptist Church, which I still am a member.

On Feb. 8, 1941, I married George Bennett Ledbetter at the home of Rev. M.M. McCuen who served as my pastor of 40 years.

On July 9, 1945, we became the proud parents of a son, David Bennett Ledbetter. He is married to Sandra Whitlock. They live in Greenville, SC. and have two children, Michael and Susan. He is prioncipal of Woodmont Middle School in Greenville County. Ronald Blythe Ledbetter was born on July 17, 1947 and died three days later. Nancy Anne Ledbetter was born Oct. 11, 1951. She is married to Alec Joyner and living in Woodstock, GA. They have two children, Katie and Ben Joyner. She teaches school in Woodstock, GA. The Lord has blessed me with a wonderful family and I am proud of them."

Dear Grayson,

Thanks very much for your dedication and hard work put into getting together so much interesting information about the Ellison history, My father was Matthew J. Ellison (^69 in your first history). He and

my mother, who's maiden name was Iva Elizabeth Eirod were married Dec, 13, 1903. Our Parents raised a large family of 10 children, 5 girls and 5 boys.

My grandparents William Howard Ellison (#23 married Edna Frances Lollis in 1870, were also the parents of 10 children. The tradition of having large families seemed to prevail in those days, but our present families are much smaller,

My father was a good farmer, who grew lots of grain, which was Sold to other farmers to plant on their farms. «o often when were weighing out grain for a customer, even though honest weight was being given, o^r dad would often say to us, "Boys put in a little more". He seemed to practice this in his service to the Lord and in dealing with his fellow man»

My mother had a great responsibility in taking care of a large family of children. I recall one evening when I was a small lad my dad was given the task of getting me ready for church service, As we arrived at Church and had gotten out of our car to go into the service, my mother quickly grabbed me ad took me back to the car. My dad had put my little "Rompers" on backward. Just a few minutes later mother had me straightened out, and walking in the right direction,

When I was 4 years old our family moved from West of Rock Creek to "main street" in Cheddar. I have been thankful for this move throughout the years, because this meant being close to school and church as well as not far from "Uncle Harve Kellys1' Country Store". Our favorite purchase from the country store was a pennies Worth of mixed candy", Uncle Harve always lgave us a bag full of candy even though we only had a penny. Two eggs had the same purchasing ^power as a nickel, and we often used this as our purchases were made ! Uncle Harve tried to keep a full stock of merchandise, but if he happened to be out of a item he would day, "I've got a car load Coming, surely that train will be here tomorrow,

The train ran directly in front of our home. Back during the 19^0 *8 during the summer the railroad crews would s^ray the track and adjoining area, with a poisonous chemical to keep down the vegetation. One summer our cow got out of the pasture and ate some of this grass which killed her. When a railroad official heard about this he came to see my dad, he said "We put up signs all along the railroad to warn that the grass is poisonous". My dad replied. Yes I know that is true, but my cow couldn't read your signs". They paid for the loss without further delay.

Thanks for Your dedication,

Richard M. Ellison
